

DREAMERS video game continues the adventure on Steam from December 4th!

Milan, Italy - 5 December 2024

A big thank you to everyone who stopped by the PlaySys booth at Milano Games Week! It was inspiring to connect with you, share thoughts on the gaming scene, and listen to your feedback. The past week has been spent working hard to implement some of your most important suggestions and prepare the Day 1 patch for the launch of DREAMERS on Steam.

So, finally now we are proud to say: we did it! **DREAMERS is finally available on Steam.** This marks the last stop on our journey across platforms, covering all the major ones: **PlayStation, Xbox, Nintendo Switch** (with a special nostalgic edition), and now **Steam** with the special launch discount until **December 18th.**
